

The background of the entire page is a light-colored marbled paper. It features a complex, organic pattern of swirling, wavy lines in shades of off-white, light gray, and pale blue. The pattern resembles natural stone or liquid marbling, with some areas showing more pronounced, darker veining than others. The overall effect is a subtle, textured backdrop for the text.

“My design is calm with a presence of color, romantic and structured all at the same time. The use of different textures and heights with shades of grey and green in dark matte finish planters with uniform shapes but different textures will make the design simple and ultimately elegant.”
