It looks like Bitcoin billionaire **Michael Novogratz** may have ruffled a few of his well-heeled Amagansett neighbors' feathers with the birthday bash he threw for his daughter **Gabriela Novogratz**, an actress, on August 1. Sources tell us that the financial genius may have allegedly ignored a few town ordinances to turn the evening into a once-in-a-lifetime extravaganza with **Miley Cyrus** as the entertainment. Following the singer-songwriter's appearance at Lollapalooza in Chicago, she hopped on a private jet and flew into East Hampton Airport, where she was whisked off to the party which was in an open field. The over-the-top

soirée had a mermaid theme which included underwater stilt walkers and performing mermaids everywhere. Guests reportedly included **Samantha Cohen**, **Steven Sachs** and **Charlotte Bickley**, among others. A source says, "Miley slayed at the party, which just may have been the best Hamptons event of the entire summer!"
